

Features

- 1** Padded seat and backrest.
- 2** Easy to use controls.
- 3** Secure safety belt.
- 4** Folding arms, footrest and seat allow easy access to the stairway.
- 5** Swivel seat - no need for twisting the body to get on and off the lift.
- 6** Lockable on/off switch allows the user to prevent others from using the lift.
- 7** Diagnostic digital display informs the user of the status of the lift.
- 8** Five safety sensors stop the lift automatically if any obstruction is encountered.
- 9** Hand-held remote controls allow users to 'call' or 'send' the lift up and down the staircase.
- 10** The optional Hinged Rail is ideal when a standard stairlift rail may present an obstruction to a doorway at the foot of the stairs.

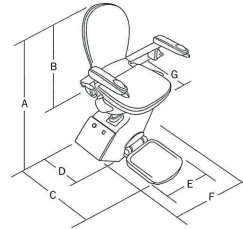

Every aspect of the Acorn Stairlift range has been carefully designed to the highest standards of comfort and safety. With a wealth of features as standard, the Acorn Stairlift is the perfect solution to maintaining your independent lifestyle in the home you love.

Like our other satisfied customers worldwide, you'll wonder why you hadn't chosen an Acorn Stairlift earlier!

Give your life a lift[®]

Enjoy the home you love

Regain the freedom of your home with an Acorn Stairlift

Your home is one of your most precious possessions, full of memories and at the heart of your family and social life. Why should illness or advancing years make the full use of your home a problem?

With an Acorn Stairlift, there's no longer any need to compromise your independence and struggle with the stairs in your beloved home.

Here at Acorn, we understand the difficulties that reduced mobility can bring, and have created safe, comfortable and simple solutions to difficulty with the stairs, solutions that have helped thousands of people worldwide regain the freedom of their home.

Choosing an Acorn Stairlift means choosing the best in design, engineering and customer service, and you'll be delighted to discover just how easy our stairlifts are to use and live with.

Because an Acorn Stairlift is fitted to the staircase and not the wall, there's no mess; and thanks to the slimline fold-away design, you and your family will still be able to use the stairs as normal.

Whatever type of staircase you have in your home, Acorn can provide the perfect solution. Because every staircase is different, Acorn Stairlifts have been developed to be highly adaptable.

Simple, safe and stylish; Acorn Stairlifts give people the chance to enjoy their own homes again

For a straight staircase, the Acorn 130 Stairlift is the perfect choice, one of the most technologically advanced stairlifts available; designed and built purely with the user in mind.

For more complex staircases, the Acorn 180 Stairlift provides the ultimate in versatility. Due to its highly innovative design, the Acorn 180 is able to tackle practically any staircase.

Whichever Acorn Stairlift is the solution for your staircase, every single one is tested to ensure it reaches the highest safety specifications, and is powered by a maintenance-free DC battery pack, which ensures the lift will still work in the event of a power cut. Just one more reason why an Acorn Stairlift is the safest, most reliable stairlift available today!
